RDS Two-Year-Old Class

February 2012

Welcome to February! The big question this week is.....will the groundhog see his shadow? If he doesn't, it will be mild this Valentine's Day. We will soon see! Speaking of **Valentine's Day**, we will be having our *parties on Feb 13th and Feb 14th*. Please sign up to bring items for our Valentine Party. Each child is encouraged to **bring Valentines** for each child. Please sign **your** child's name, however, *please do not personalize each Valentine*. This way, they will be able to give them out themselves during their party. Also, **we need (and love!!) party helpers** for that special day!! Sign up sheet is on the board (you know the routine!). We will be doing a special craft and valentine swap. Great photo opportunity as well! Other special events this month include **Dr. Worman's (dentist) visit** (teaching on good dental habits) on **Tues., Feb 8th and Wed. , Feb. 9th**, and **MAD SCIENCE** at 9:30 in the sanctuary on **Thurs. , Feb 16th**. Our MWF families are welcome to come for the science show that day and join in the fun. The show is approx.. 45 mins in length.

Happy Birthday this month to Alexia (Tu-Th) and Renzo (5 days)! They will be 3 years old this month!

Last, but not least, we will be kicking off our **PAMPERED CHEF Class Fundraiser** by distributing packets to each 2's family this **THURSDAY and FRIDAY!!** The display will be set up in the hall the week of Feb. 6-10th. Ask your family, friends, coworkers, and neighbors to buy and help raise funds for our 2's class. **All orders due** to our class on **Mon. Feb 13th**. This is a fun way to shop and help our class, too!
